A Happy New Year.

On this, the first day of 1909, we wish all the readers of The News a happy and prosperous New Year. May peace and plenty attend you through the year we have just entered, and other years to come. May the blessings of the future compensate for the disappointments of the past and help blot out unpleasant memories. May all good resolutions made be sacredly kept.

There is no reason why there should be any fixed time for turning from evil ways or cutting loose from bad habits or practices that interfere with good morals or good health. Any time is a proper time for better deeds. The beginning of a new year is recognized as a fit time to "swear off," or "turn over a new leaf," as the saying goes. Unfortunately many of the newly turned leaves are sadly soiled before the going down of the sun and the good resolutions to do better are forgotten almost as soon as made. It is the part of wisdom for everyone to try to profit by the mistakes of the past; to steer clear of the rocks you know are in the road you have to travel. It is folly to "swear off" or "turn over a new leaf" unless it is backed by a determined will. A broken promise made to yourself is calculated to lower your self respect. Nobody can lose anything by being better during the coming year than he or she was during the year just closed and somebody aside from yourself would be benefited in consequence.

America Cowed.

The London press follows with the greatest interest the duel on between President Roosevelt and the Senate, while it calls the President's tilt with certain newspapers "a study in vituperation" such as no Anglo-Saxon community ever before witnessed. It is generally agreed that the President is entirely wrong in giving way to such language, no matter what the provocation, for only loss of personal dignity any harm to the prestige of his office can result. Several alienists write asserting that the president is mad, and that it is not to be wondered at, after seven years of triumph and adulation, such as no European sovereign has received for several centuries. Politicians are interested because they are waiting to see what attitude the American people will adopt toward their "Kaiser." "Will President Roosevelt get a lesson, too, which will show him that the public is far from being afraid of him?" asks one editorial, which insists that ever since he came to the White House the Americans have been morally cowed by President Roosevelt.

One observer writes from the reading room of the British Museum: "Let this man alone. Every time he opens his mouth he contributes some new and strong expressions to the English language. This is his real genius. We have enough of mere statesmen."

How is Your Digestion.

Mrs. Mary Dowling of No. 228 8th Ave., San Francisco, recommends a remedy for stomach trouble. She says: "Gratitude for the wonderful effect of Electric Bitters in a case of acute indigestion, prompts this testimonial. I am fully convinced that for stomach and liver troubles Electric Bitters is the best remedy on the market today." This great tonic and alterative medicine invigorates the system, purifies the blood and is especially helpful in all forms of female weakness. 50c. at Oberdorfer's drug store. Jan

Huge Meteor Shakes Ground.

A meteor was seen by several persons at Hopkinsville Monday evening shortly after 3 o'clock. It was in the Northwest sky and seemed to be a big ball of fire followed by a long trail of smoke. After it had disappeared a loud rumbling was heard for nearly a minute, and many persons report the jar from this was so severe that windows and doors rattled. This gave rise to the report that it was an earthquake.

The Last Civil War Veteran.

Veterans of the Civil War will become extinct in 1950, according to Post Commander G. F. Bassett. "There will be 347 veterans alive in 1930," he says, "and ten years later the number will be reduced to twenty-three. The last survivor will die in 1950. This is the conclusion of men who are competent to estimate the length of human life."

Christmas Weddings.

The Louisville man who makes it a business to keep tab on things matrimonial, says the weddings announced to take place in Kentucky on Christmas day were nearly two hundred and twenty. Hopkinsville headed the list with thirty-one couples. Louisville a close second with twenty-nine, Paducah and Covington were a tie with twenty-six each, Henderson fourteen, and numerous other towns and cities report from eight, to twelve, while the rural communities make an unusually good showing.

One Law for All.

[Editorial from New York World.]

Is it easier to find the "one responsible man" in a labor union than in a corporation?

Is it easier to enjoin a labor leader from violating the Sherman law than to enjoin a Rockefeller, a Ryan, a Harriman or an Armour?

Is it easier to sentence a labor leader to jail for contempt of court than to sentence a trust magnate?

In the Gompers-Mitchell-Morrison case the defendants were charged specifically with "restraining trade among the several States." Proceedings were not instituted against the American Federation of labor or against the Federationist, but against Mr. Gompers, when the court found evidence that the injunction had been violated, sentence was imposed upon the individuals, not upon the association or its magazine. In other words, the court went straight to the three responsible men.

Yet when Woodrow Wilson, Judge Parker, Mr. Bryan, The World and others urged Mr. Roosevelt to use his power to punish the "one responsible man" for violations of the Anti-Trust law we were all denounced in a message to congress as emissaries of the corporations. To quote Mr. Roosevelt's exact words in his special message of Jan. 31, 1908:

"The attack is sometimes made openly against us for enforcing the law, and sometimes, with a certain cunning, for not trying to enforce it in some other way than that which experience shows to be practical. One of the favorite methods of the latter class of assailant is to attack the Administration for not procuring the imprisonment instead of the fine of offenders, under these anti-trust laws. The man making this assault is usually either a prominent lawyer or an editor who takes his policy from the financiers and his arguments from their attorneys."

The World believes in one law for Gompers and Rockefeller; in one law for Mitchell and Ryan; in one law for Morrison and Harriman; in one law for unions and Wall Street. If it is "practical" to obtain writs of injunction restraining labor leaders from violating the Sherman law, it is equally "practical" to obtain writs of injunction forbidding trust managers from violating it. It is "practical" to sentence labor leaders to jail for violating such court orders, it is equally "practical" to sentence trust managers to jail for violating them. It is no more difficult to find the "one responsible man" in one case than in the other.

When the trades-unionists charge that nobody but labor leaders have ever been sentenced to imprisonment under the Sherman law they frame a damning indictment against Mr. Roosevelt and his administration. How can these men be expected to respect a law which the President of the United States himself does not respect, and which he has persistently refused to enforce against any individual "malefactor of great wealth?"

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally. No medicine extant has such a long and successful record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional endorsement of each of its ingredients—worth more than an armload of ordinary non-professional "pills." The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do it to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

THEATRICAL.

UNIQUE INDIA.

—Lyman H. Howe whose perennially popular Lifeorama will be seen at the Paris Grand on Thursday evening, January 7, has collected from all over the world a series of pictures for his new program that is unique and invaluable. One of the features transports the audience to the vast Indian Empire, teeming with its native millions, composed of an infinite variety of peoples as distinct from one another as it is possible for them to be.

The picture clearly reveals the fact that Western civilization has not changed the ancient characteristics of the real India, though it has modified it in Bombay and Calcutta which are shown in all their true cosmopolitanism. The scenes appeal alike to the artist, philosopher and student as the most unique to be found anywhere.

Abundant evidence is shown by gorgeous temples, rock sculptures, monuments, etc., of a splendid by-gone civilization which was at its height when Europe was overrun by savage hordes.

The pictures shown by Mr. Howe were taken by special authority of the Indian Government and Secretary of State. Eminent studies on natural history are shown in another series. The gambols and actions of cats, dogs, monkeys, parrots, etc., are not only quaint and unique, but very amusing. Never were more exciting incidents condensed in one picture as there have been in that showing a 10 mile steeplechase in England.

After seeing it, no one in the audience can envy the big fees paid English jockeys for risking life and limb as shown in this picture. The race is intensely exciting because of its numerous accidents. A delightful trip by automobile through Savoy, France; Australian sports and pastimes; pictures unique Naples; Sicily; the annual drill by the Redham orphans are only a few among many other scenes that compose a program of incomparable beauty and interest.

"THE RUNAWAYS" TO VISIT PARIS.

—With "The Runaway," the New York Casino's great success, it is a case of on the outside looking out, rather than on the inside looking out. The attraction which pays its respects to a Paris audience on Tuesday, January 12, has more laughs, amusing situations and catchy songs in as many minutes, than any other musical production on the road. The company is well balanced, plenty of pretty girls, beautifully staged and brilliantly costumed. "A Kiss for Each Day in the Week," the jockey comedian, diminutive in stature, is assisted by the six winsome widows. To kiss each one he uses a ladder, each typifying one day of the week. From beginning to end "The Runaways" is filled with entertaining and amusing situations. The climaxes and resemblances, marches and evolutions of the chorus show the trained and experienced hand of the director, and weeks of hard work and study. This attraction has been produced with all the attention to stage technique and

skill which predominated in the first production of the piece in New York City, where it was billed for seven months to crowded houses. An evening of pleasure and entertainment is guaranteed all who come.

Usual Number of Christmas Fatalities.

The Christmas time brought the usual number of fatalities. More than one Santa Claus was burned to death while prancing around a Christmas tree, while mashed fingers and broken noses were too numerous to count. In some localities the day that ought to be one of profound peace throughout the civilized world was characterized by debauchery and the exercise of the vilest passions.

Reuf Sentenced.

Abram Reuf, former political boss of San Francisco, was Tuesday sentenced to fourteen years in the State penitentiary at San Quentin prison. Sentence was pronounced by Judge William P. Lawlor, who presided over Reuf's trial on the charge of bribing a member of the Schmitz Board of Supervisors in the award of an overhead trolley franchise to the United Railroads.

Difference Adjusted.

The arbitrators, R. J. Neely, F. P. Lowry and A. J. Fee have settled the differences between Harry Simon, who is constructing a large department house on Main street between Sixth and Seventh streets, and H. Shanker, who owns the adjoining property on the North side. The trouble resulted from damage to the latter's property in the tearing away of the old building. Mr. Simon agreed to put a new foundation on the damaged side of the Shanker property and permitting the wall of his new building to be used as the dividing wall between the two properties.

Europe in Grip of Blizzard.

Western Europe is in the grip of an exceptional cold wave. France has experienced a veritable blizzard, accompanied by a heavy fall of snow. Traffic in the streets of Paris is paralyzed, but the lakes in the parks are gay with skaters.

Editor Powling Improving.

John W. Powling, editor of the Nicholas Advocate, who suffered a slight stroke of paralysis at his office in Carlisle about one week ago, has so far recovered as to be about and able to attend to business. He is compelled to use a cane, inasmuch as he has not regained the full use of his left lower limb.

Will Take \$16,000.

At a meeting of the Capitol Commission this week State Treasurer Farly will report that the new Capitol can be run on an annual appropriation of \$16,000. He inspected the Capitol at Jackson, Miss., for the purpose of ascertaining the number of employees and expense maintaining it.

Paris Boy Promoted.

Mr. Irvine M. Keller, who has for one year been City Passenger Agent of the Queen & Crescent Railroad, in New Orleans, has been promoted to Traveling Passenger Agent with headquarters at Dallas, Texas. He has been assigned the States of Louisiana, Texas, Oklahoma and New Mexico. Mr. Keller is the son of the late Alex. Keller, and nephew of Dr. Arthur Keller, and a brother of Mrs. R. L. Frank, of this city. He is perhaps the youngest railroad traveling passenger agent in the south, being only in his twenty-first year.

Alaskan Visiting Brother Here.

Mr. Lee Oberdorfer, of Valdez Creek Alaska, is here the guest of his brother Dr. L. Oberdorfer. Mr. Oberdorfer is located 350 miles north of Salvoia, Alaska, the point of nearest approach of mail steamers, and within forty miles of Mt. McKinley, the latter being seen from the mining camp. Mr. Oberdorfer is engaged in placer mining and carried a wallet of gold nuggets taken from one of the forty grants owned by his company. He says labor on Valdez Creek paid for at the rate of \$10 per day while food of any kind is worth \$1 per pound. Winter sets in in August and on the 31st day of the month when he left for the States the thermometer registered 20 degrees below zero. Mr. Oberdorfer presented his brother with a laprobe made from the skin of a large silver tip bear.

Oscar Gardner Accidentally Killed.

Oscar Gardner, the 16-year-old son of Mr. J. W. Gardner, of this city, was instantly killed near Muir Station, Monday afternoon, while hunting with his cousin, Wm. Coy. The load of shot struck Gardner in the back of the head and he expired without uttering a word. Young Gardner was formerly an employee of the East Tennessee Telephone Company and was regarded as a youth of excellent character. He was enroute to Corbin, Ky., to reside, stopping with his cousin for a day's hunt. The body was brought to Paris by Undertaker George W. Davis, the interment taking place in the Paris cemetery Tuesday afternoon at 3:30 o'clock. Services were conducted at the grave by Rev. M. T. Chandler of the Methodist church.

Hunting Season Closes Today.

The open hunting season for quail in Kentucky closes today, January 1, but is the popular belief that December 31, marks the closes. The Kentucky authorities have interpreted the law differently and as a result an army of Nimrods will be in the field today to take another chance at "Bob White." After today the hunter must be content to take a crack at rabbits and squirrels, which they will be permitted to do until September 15, the beginning of the closed period. The hunting season of 1908 has in the main been highly successful. At the outset the drouth made hunting very hard, as the dogs were practically helpless and the birds in an effort to secure water were only to be found along the water courses. While the early shooting, by reason of the bad conditions, was poor, the hunters were more than recompensed by the splendid shooting that marked the closes of the season. Wholesale slaughter of birds by pot hunters was the subject of regret by the true sports, who hope that the new organization known as the Kentucky Fish and Game Protective Association will be able to have proper laws passed that will tend to increase rather than diminish the game in this State.

MATRIMONIAL.

The new First Methodist Episcopal church, South, of Lexington, will be dedicated Sunday, January 10. Bishop E. A. Henricks, of Kansas City, Mo., will preach the dedicatory sermon. All former pastors are invited to be present.

At the home of the bride's parents, Mr. and Mrs. Edward Owsley, near Ruddles Mills, this county, Wednesday, at 5 o'clock p. m., Elder Carey E. Morgan performed the ceremony that united in marriage Miss Daisy Owsley and Mr. Grover Harney were tendered a reception at the home of the bridegroom's parents, Mr. and Mrs. William Harney, on the Cynthiana pike.

Miss Gracie Harding, of Carlisle, was united in marriage to Mr. Elmer Willis, of Moorefield, Nicholas county, in the parlors of the Windsor Hotel, Wednesday, at 2 o'clock, Elder Carey E. Morgan officiating. The bride is the daughter of Mr. and Mrs. E. Harding, of Carlisle, and is a pretty and attractive young woman. The bridegroom is a prominent farmer. After the ceremony Mr. and Mrs. Willis left for their home at Moorefield, where they were tendered a reception by the bridegroom's parents, Mr. and Mrs. Sanford Willis.

The marriage of Miss Bessie Franklin, and Mr. H. H. Feamster was celebrated on last Thursday in Frankfort, quietly at the home of her father, the Hon. Robert B. Franklin, on the South Side. The house was decorated with Christmas greens and Richmond roses for the event. The bride is the eldest daughter of the household and is tall and handsome. She looked to the best advantage in a tailored suit of dark blue. Mr. Feamster is connected with the Ford-Johnson Company and is recently from Virginia. After a wedding trip of several days in Cincinnati they will go to housekeeping in Frankfort.

RELIGIOUS.

Elder Carey E. Morgan will be in his pulpit as usual at the Christian church Sunday. His subject in the evening will be, "In the Light of the Year," a New Year's sermon. Mr. Alfred Morehead, the sweet tenor singer, will begin his duties as leader of the choir Sunday.

Communion services will be held at the Second Presbyterian church Sunday morning at 11 o'clock, with public reception of members. Children to be baptized will be present at this service. The usual preparatory services will be held in the lecture room of the church this Friday morning, at 10 o'clock.

The praise service that was to be held Sunday evening has been postponed on account of sickness. The usual services will therefore take place in the evening.

Hello Gov., This is Berry Simpson.

With the boldness which has characterized his every action since the fight between the United States Marshals and the union miners at Stearns, on Christmas day, Berry Simpson, the leader of the men now resisting arrest, who has been breathing out threats against the constituted authorities, Tuesday had a long talk with Gov. Willson. Simpson was in Pine Knot and Gov. Willson was in Frankfort, but the two talked for some minutes, and the leader, of what has usually been described as an outlaw gang, was as cool as though it was a common thing for a fugitive from justice to talk to the Governor of the State before giving himself up to be tried. As a result of the assurances from Gov. Willson that he would be given ample protection from mob violence and would be treated fairly, it is probable that Simpson will surrender himself to the Federal authorities at Stearns and face a trial. He seemed to fear that he would be roughly handled and wanted the Governor to promise him protection. While he did not say to the Governor that he would surrender, it is believed, from the way he talked, that he has the intention of doing so, and that this was the reason he called up the Governor.

Prominent Young Woman Shoots Herself.

With a bullet hole in her breast and a pistol lying beside her, Miss Margaret Allen Redd, a popular young woman of Lexington, daughter of R. M. Redd, editor and publisher of the Farmers' Equity Journal, was found dead in her bedroom of her father's residence in that city about 9:30 o'clock Tuesday morning.

Miss Redd, who was about 24 years old, and who had not been in good health for some time, which had caused her to be at periods despondent, had given no indication that she expected to take her own life. She had been engaged about her usual household duties and although she ate no breakfast she had prepared and taken into his room a tray of dainty food for her father, who was ill in bed, threatened with an attack of pneumonia.

The Saga's Prophecy.

The newspapers in Italy are reproducing the prophecy of Matilda Serac, which was printed in Lee Annals a week ago, and in which predicting the destruction of Naples and expressing Italy's constant fear of nature's upheaval, she said: "Today the city is beautiful, because God wishes it. We believe her immortal, but she is destined to death. See you this mountain at whose feet stretch beautiful villages bathed in the sea. She will destroy our city; she will be our executioner. One day roars will come, convulsions will shake the mountain, a frightful tempest will agitate the sea, flashes of lightning will cover the heavens and all nature will combine to our destruction."

Checking Themselves Up.

Auditor James "Wednesday" received cash and checks for 512 from County Clerks who have been delinquent and checked up themselves, saving him the trouble. One clerk had been out of office six years, but sent along \$94. Auditor James will not give out the names of the clerks.

THE LIVER QUARANTINE

"TAKING HIS MEALS OUT."

Hurried eating has ruined many a man's stomach. The digestion-destraining process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness.

In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

Old Distillery Plant Sold.

The old Bourbon distilling plant including about 4 acres of land at the intersection of the Ruddles Mills and Shawhan pikes, six miles north of Paris, has been sold by the Kentucky Distillers and Warehouse Company to James A. McGovern, of New York. The distillery was erected in 1886 by the late H. Clay Bowen. Mr. Bowen sold the plant to the Bourbon Distilling Company, composed of prominent Central Kentucky business men, who operated the plant for years, finally disposing of the property to the Kentucky Distillers and Warehouse Company, which dismantled the plant in 1902. It is said the new owner will improve the plant and install new machinery preparatory to the re-establishment of the Bowen brand of whisky. The distillery formerly had a capacity of 210 barrels with warehouse accommodations for 12,000 barrels of finished product.

Woman's Natural Sense.

One woman's natural sense is worth 50 men's trained reason in a predicament.—New York Press.

The Lexington Herald for 1909.

The Lexington Herald announces its annual bargain offer for \$5.00 per year to mail subscribers who pay a year in advance before January 15th. This applies only to mail subscribers who are not in arrears. All subscribers who are in arrears may secure this reduced rate by paying up to January 1, 1909, and paying \$5.00 in advance for the next year. New subscribers may receive the paper by mail on payment of \$5.00 in advance. These rates do not apply either to carrier delivery in Lexington or carrier delivery in any of the towns of Central Kentucky, but only to subscribers who receive their paper through the mails.

The Herald for 1909 will be a better newspaper than ever before. It will continue to cover the news fields with the thoroughness that has already made it Central Kentucky's favorite newspaper, and the Sunday Herald will retain all of the high class features that have made it superior to any other Sunday paper published in a city of Lexington's size.

In addition to what Herald subscribers have received heretofore they will get on Monday morning an agricultural weekly which will also carry the news of the day. The regular subscribers of the daily editions of the Herald will receive the Blue Grass Farmer edition.

The Blue Grass Farmer edition will be for \$1.00 a year and The Sunday Herald for \$1.50 a year.

Good Cough Medicine for Children.

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says, "I have never used anything other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by W. T. Brooks. You need no other guarantee.

Climatic Peculiarity.
Montreal, with its winters of great severity, is 350 miles nearer the equator than is London. Montreal, indeed, is on the same degree of latitude as Venice.

Seven Years of Proof.

"I have had seven years of proof that Dr. King's New Discovery is the best medicine to take for coughs and colds and for every diseased condition of the throat, chest or lungs," says W. V. Henry, of Panama, Mo. The world has had thirty-eight years of proof that Dr. King's New Discovery is the best remedy for coughs and colds, la grippe, asthma, hay fever, bronchitis, hemorrhage of the lungs, and the early stages of consumption. Its timely use always prevents the development of pneumonia. Sold under guarantee at Oberdorfer's drug store. 50 cts. and \$1. Trial bottle free.

Bridesmaid to Grandmother.
At a wedding celebrated at Bologna, in Italy, some days ago, the bride, a widow of 50, had her little granddaughter to act as bridesmaid.

Watched Fifteen Years.

"For fifteen years I have watched the working of Bucklen's Arnica Salve; and it has never failed to cure any sore, boil, ulcer or burn to which it was applied. It has saved us many a doctor bill," says A. F. Hardy, of East Wilton, Maine. 25c at Oberdorfer's drug store.

Mind Your Business!

If you don't nobody will. It is your business to keep out of all the trouble you can and you can and will keep out of liver and bowel trouble if you take Dr. King's New Life Pills. They keep biliousness, and Jaundice out of your system. 25c at Oberdorfer's drug store.

How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of **Scott's Emulsion**. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Wages.

The great white czar gets a salary of \$25,000 a day, the sultan of Turkey \$13,000, the emperor of Austria \$12,000, the kaiser \$11,299, the king of Italy about \$7,200, the king of England \$6,270, Leopold of Belgium \$1,700, and President Roosevelt \$137. Napoleon's salary was about \$15,000 a day. The president of France gets about \$617 a day.—N. Y. Press.

Beware of Frequent Colds.

A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever wholly recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. How can you cure a cold? Why not try Chamberlain's Cough Remedy? It is highly recommended. Mrs. M. White, of Butler, Tenn., says: "Several years ago I was bothered with my throat and lungs. Someone told me of Chamberlain's Cough Remedy. I began using it and it relieved me at once. Now my throat and lungs are sound and well." For sale by W. T. Brooks. You need no other guarantee. dec

BLOCKADED

Every Household in Paris Should Know How to Resist It.

The back aches because the kidneys are blocked.
Help the kidneys with their work.
The back will ache no more.
Lots of proof that Doan's Kidney Pills do this.

J. J. Reber, living on Pike street, Cincinnati, Ky., says: "In a statement I gave in 1903, I told about Doan's Kidney Pills and about the cure I received from their use. Four years have elapsed since that time and I have not suffered since. I do not hesitate to re-indorse every word I said in my previous statement as I know Doan's Kidney Pills act as represented."

Plenty of proof like this from Paris people. Call at J. A. Wilson's drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Compromise Rejected.

An unusual situation prevails in politics in Hart county, in the Third Congressional District. A proposition has been made by the Democratic authorities of the county to the Republicans, which the latter rejected, that the county committee of each party divide equally the county offices to be filled at the general election next November. All officials of Hart county are now Democrats, but the county is so close and such bitter fights are always made for county offices that some of the leaders thought to avoid the usual war fare by cutting up the pie.

Public School Libraries.

Library facilities, where the pupils of the common schools can get good books to read, are the greatest needs of the schools of Kentucky and Prof. J. G. Crabbe, Superintendent of Public Instruction, has started a movement to establish good libraries in connection with the common schools in the State. He is now sending out circulars to the county superintendents of schools and to teachers everywhere, calling attention to his plan for libraries.

Hard to Believe.

The town of Williamson, Va., can boast of at least one honest politician. At the late election held there S. U. G. Rhodes Republican, was pitted against Douglas Brown, Democrat, for the office of Commonwealth's Attorney. Rhodes was the successful candidate. After the election Rhodes told Brown that he did not believe he had won his election fairly, and that if he (Brown) would contest that he would pay the expenses and prove that negroes had voted for him who had been dead for three years.

100,000 Killed in Earthquake.

One hundred thousand dead; Messina, in Sicily and Reggio and a score of other towns in Southern Italy overwhelmed, the entire Calabrian region laid waste.

This is the earthquake's record so far as is at present known from the reports that are coming slowly into Rome, on account of the almost complete destruction of lines of communication to the stricken places.

The death list in Messina ranges from 12,000 to 50,000, that of Reggio, which with its adjacent cities numbered 45,000 people, includes almost the entire population. At Palmi, 1,000 are reported dead; at Cassano, 1,000; at Cosenza, 500, and half of the population of Bagnara, about 4,000.

The Monte Leon region has been devastated and. Riposto, Seminaria San Giovanni, Scilla, Lazzaro and Cannitello and all other communes and villages bordering on the straits are in ruins. The King and Queen of Italy are now on their way to Messina, having sailed from Naples aboard the battleship Vittorio Emanuele.

The Pope has shown the greatest distress at the calamity and he himself was the first to contribute a sum amounting to \$200,000 to the relief of the afflicted. French, British and Russian warships are steaming toward the South and already several of the ships of Great Britain and Russia have reached Sicily.

Officers and men of these ships have performed heroic service in the work of rescue. It is feared that many foreigners have been killed, as a number of the hotels at Messina and doubtless at other places were crowded with tourists.

According to calculations the total sales of the Red Cross Christmas and New Year stamps will reach about 25,000,000. It is proposed that the stamp shall be a permanent institution. It should be made permanent, and by giving the next holiday season the aggregate sale for Christmas week 1909 should be made greatly larger than they have been this year.

Superstitious residents in Frankfort tremble with fear of an earthquake there because snakes and wild animals are leaving their dens, which is unprecedented at this season. Two black snakes were killed while crawling on Second street in that city Wednesday afternoon. William Metts Wednesday killed a wild cat at Switzer, Franklin county, the first seen there in a decade.
